About Me

Hello I'm Tornike, a result-oriented web developer. The thing I like most about programming is creating something from almost nothing. I'm curious and I like to study, so diving into new technologies such as new frameworks to be more skilled developer then im now, also i prefer working with a group, because we are learning from each other.

Projects (all projects are on my GitHub)

- [Book Shop](#) (React/Typescript)
 - [CryptoWebsite](#) (Responsive) (React)
 - [LifeCycle](#) (Responsive) (React)
 - [GymProject](#) (Responsive) (React)
 - [Github User Search](#) (Responsive) (React)
 - [Ecommerce Product Page](#) (React)
-
