About Me

- Hello, I'm Tornike, a result-oriented web developer. I enjoy creating something from almost nothing. I'm curious and like to study new technologies, such as frameworks, to improve my skills. I prefer working in a group as it allows for mutual learning.

Projects (all projects are on my GitHub)

- Book Shop (React/Typescript)
- CryptoWebsite (React)
- Ecommerce Product page (React)
- GymProject (React)
- Github User Search (React)
- Portfolio Web site (React/Typescript)

Work Experience

- **Legends Hub**
  - *React Developer*   *2024-present*
  - Technologies: React, Git/Github, Trello, Vite, Tailwind, Python/django, Styled-components,Typescript.
  - Collaboration with Designers, Project Managers, and other developers.

Skills

- **Tech Stack:** HTML, CSS, Bootstrap, Tailwind, Figma/Adobe XD, Git/Github, JavaScript, React, Angular Basics, Styled Components, Typescript, RestAPI, OOP, Framer-Motion.

Languages

Languages: English- C1, Georgian-native.

Education

- **Georgian Technical University - IT**   **Tbilisi, Georgia**   *2020-present*

Courses

- **It Step Academy - Frontend development**   **Tbilisi, Georgia**   *2023*
